LEARNING OBJECTIVES

- Replace this with a measurable objective
- Add the next objective
- Connect the lesson to its activity and quiz

1. First concept

Replace this paragraph with the first explanation. Use short sections, examples, and clear terminology.

2. Second concept

Add the next concept. Include a diagram or comparison table when it materially improves understanding.

3. Practice connection

Explain how the student will apply the ideas in the activity and what the quiz will check.

Quick reference

Concept	Meaning
Key term	Replace with a concise definition.
Process	Replace with the important sequence or method.
Check	Replace with a safe troubleshooting or verification step.
